

WHY TO ORGAN PIPE CACTUS NATIONAL MONUMENT

TABLE TOP TELEPHONE COMPANY

Organ Pipe Cactus National Monument

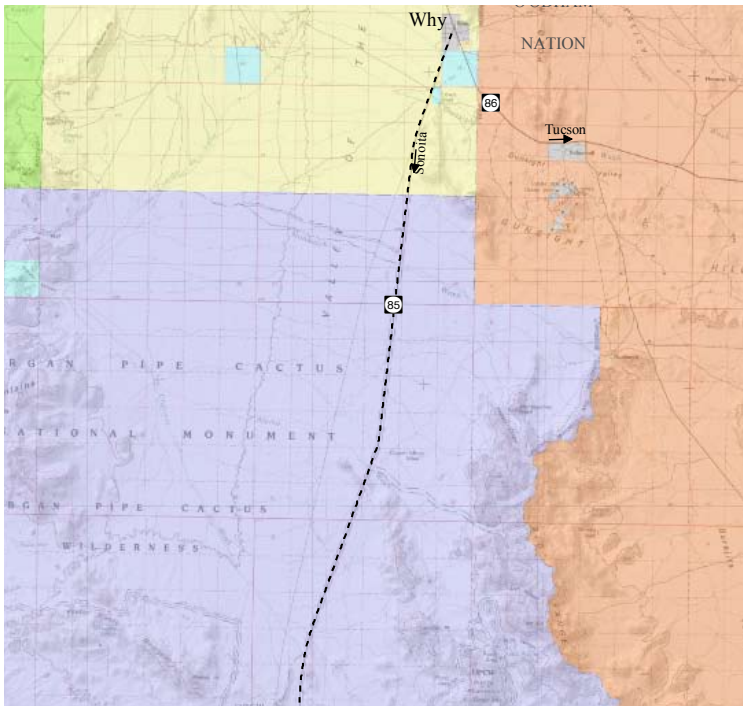

Project Description

Transcon Environmental performed activities related to the preservation of cultural resources pursuant to an addendum included in the Memorandum of Agreement between the Arizona State Historic Preservation Office and Table Top Telephone Company. Specific activities included writing a cultural treatment plan for cultural sites along the project alignment that would be impacted by the construction, collection of artifacts prior to testing, acquisition of an ARPA Permit, set-up and removal of construction avoidance materials, construction monitoring, artifact analysis, preparation of a Plan of Development as well as writing a Cultural Resource Treatment Results Report.

Agency Coordination

Bureau of Land Management, Organ Pipe Cactus National Monument, and Arizona State Historic Preservation Office.
